## ANALYSIS

This is the first extension of time request for the Site Development Plan Review and Rezoning applications. It is the second extension of time request for the Variance as the expiration date on the Variance did not originally match those of the Rezoning and Site Development Plan Review applications. The applicant has made progress on the proposed project. A Tentative Map (TMP-8628) was approved on 09/22/05. A Review of Condition (ROC-13865) was completed related to street improvements, which resolved an issue on the site. A Final Map (FMP-15079) has also been submitted and is currently under review. It is further noted that a second Tentative Map (TMP-23570) has been submitted as the original Tentative Map is set to expire. Due to the continued progress on the development of this site, approval of this request is recommended.
